

Q & A: Larwood Erickson Sewer Upgrade

The City is commencing with design of the Larwood Erickson Sewer Upgrade Project. The following Questions and Answers are intended to provide an overview of the project.

1. What is the project?

Work under this project includes the renewal and upgrade of sanitary sewer mains on Erickson, Harrogate and Larwood roads. These upgrades are required to address existing conditions and growth related demands in the Jubilee Heights neighbourhood.

2. Where is the project?

The work will take place along Erickson Road from Fairmile to Harrogate, continue along Harrogate to Larwood, then east on Larwood to Highway 19A.

3. When is the construction work going to take place?

Construction is anticipated to begin in early summer and be completed by Winter 2018.

4. What is the cost of the project?

The project budget is under development and will be finalized upon completion of the tender process.

5. How is the project being funded?

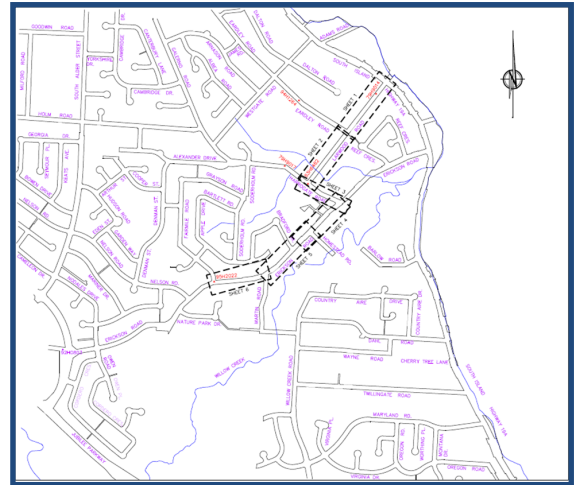

The City and developer of Jubilee Heights have a cost sharing arrangement in place. The City's portion will be funded through the sewer capital reserve.

6. Who will be involved in the project design and construction?

The City worked with the developer and the developers engineer to finalize the design. The tender for construction services is currently posted on the City's website.

7. How will traffic be managed during construction?

Traffic management during construction will be the responsibility of the contractor doing the work. More details about traffic interruptions will be available once the construction contract has been awarded. More information about road closures and access will be posted with general project information updates on the City's website.
