Join us this Spring at Seedy Saturday, for more than just seeds! Meet seed vendors, buy plants, or make a craft with the kids in our lil sprouts corner! Whether you are a first-timer or an expert seed saver, there will be something for everyone.

Organics Collection begins on April 17

Please do not put organics in your yard waste, or put your bin out for collection, before April 17.

A weekly organics waste collection will start this spring for households currently receiving municipal curbside collection. Organics collection will cover both food and yard waste and follow the current yard waste schedule.
